Generally, the City annexes property via the 100% method. (i.e. All land owners within the subject area must consent to the annexation). The property must abut existing city limits, excluding state, local rights of way, roads or railroads.

Initiation of an annexation request begins when the aforementioned information is submitted and a nonrefundable \$600.00 fee is paid.

The annexation process typically takes at least 2-3 months depending on filing dates, public hearings and advertising requirements.

Police Protection, Fire Protection, Garbage Service can be provided immediately upon adoption and approval of second reading of annexation ordinance. Water charges will be reduced to inside rates on the next full month billing. Fire Protection fees, previously paid, are nonrefundable. City taxes are payable the year that the property is within the city on January 1 of that year.

Water and sewer services can be initiated when property owners agree to be assessed for cost of utility extension if these services are not already available.

Voting rights apply upon clearance of annexation by the Justice Department.

It is desirable for a representative to attend the Planning Commission meeting and City Commission meetings during this process for any questions that may arise. The city can furnish the dates of these meetings.

## ANNEXATION FLOW PROCESS

1. Applications may be obtained from the City Clerk or Building Inspector office.
2. When the application is complete, it should be returned to the City Clerk with the applicable fees.
3. The City will then publish notice of public hearings before the Planning Commission and the City Commission. The Planning Commission usually meets on the last Monday of each month at 10:00 A.M., while the City Commission meets on the second Monday of each month at 7:00 P.M. Depending on the date of receipt of the application, the City customarily publishes one notice for both public hearings. The City will make every effort to schedule these hearings at the next available meeting time after receiving the application, subject to state law requirements regarding the timing of publishing notices.
4. The application is then submitted to the Planning Commission for review and recommendations are made to the City Commission.
5. An ordinance is drafted for consideration by the City Commission at the next regular meeting and for the first reading of the ordinance.
6. If the first reading is approved, the City Commission will conduct a second reading at the next regular monthly Commission meeting.

Once the second reading is completed and the Ordinance is adopted, copies of the Ordinance, including a description of the property shall be submitted to the Building Inspector, Fire Chief, Police Chief, Street Superintendent, Water Department, Georgia Power, Atlanta Gas Light, Coosa Valley Area Planning Commission, County Tax Assessors Office and E911.
